# WELCOME

Recent years have of course been a challenge for everyone; in many different ways and times. It's during these times that we see the real strength in partnerships whether in our supply chains or with our distributors and other trade channels that allow us to continue to offer our customers such outstanding service and support.

Maintaining our investment across every area of Spinlock is allowing us to optimise the way we work, as well as providing enhanced facilities for the teams whether at our production or new HQ sites. Through this we'll all see and benefit from the development of new products for 2024 and beyond, both extending established ranges alongside adding new, providing great opportunities for growth with customers in existing and new sectors.

The Spinlock team are ready to work with you all in 2024 to ensure our combined resources are put to greatest effect, whilst we continue our focus on putting people and the planet before profit.

# IN 2023 SPINLOCK WON THE KING'S AWARD FOR THE ALTO WAIST-WORN PFD

# DECKVEST NEMO+ INFANT & CHILD LIFEJACKET HARNESS

The Deckvest Nemo is an inherently buoyant 150N lifejacket with deck harness, available in two junior sizes; infant up to 15kg and child 15-30kg.

We have given a playful look to this fully featured lifejacket with deck harness, designed by Spinlock to keep our younger sailors safe and comfortable on the water.

## FEATURES

Two junior sizes: Infant <15kg and Child 15-30kg. Please note, children's lifejackets are best fitted by weight

NEMO+ has a back harness for a safety line helping keep small hands away from the clips

NEMO+ also has a front hand-only grab handle for adults to lift the child to safety, cleverly designed to reduce any snagging risk

Conforms to ISO 12402-3 as a 150N Lifejacket for in water performance. Actual buoyancy : Infant 45N and Child 60N

High-volume buoyancy with a supporting collar ensures that children will be turned over and the head supported out of the water even if they are non-swimmers

Soft neck panels to reduce chafing

Easy attach and adjust buckle for security

Padded secure leg strap to hold the jacket in place

Infant up to 15kg (left) and Child 15-30kg (right).  
The Infant and Child sizes have the colour panels reversed to help with identification.

### FRONT HANDLE

Front handle is a grabbing and lifting point only.

### BACK HARNESS

Attachment point can be used in conjunction with a safety line.

# FIDO FLOTATION VEST FOR DOGS

Keep your canine companions as safe as you are when in or around the water. Designed with the same precision and quality as our marine safety equipment, the Spinlock FIDO flotation vest provides buoyancy and comfort, allowing dogs to embrace adventures with confidence.

## FEATURES

- Lightweight foam flotation
- 3 sizes; extra small, small and medium
- Convenient handle on the back of the lifejacket allows for easy lifting and retrieval of your dog from the water
- Tailored with adjustable straps, can be adjusted to fit your dog comfortably, offering a secure and snug fit that allows for freedom of movement
- Designed with your dog's comfort in mind, prevents chafing or discomfort during extended wear
- Breathable fabrics ensures proper ventilation, keeping your dog cool and comfortable during offshore adventures
